

Newall Green High School - Pupil Premium Spending

Strategy and Spending Plan 2016-17

The Pupil Premium is additional funding given to schools to raise the attainment of disadvantaged pupils and to close the gap between them and their peers and so improve their life chances.

Principles We want to ensure that teaching and learning opportunities meet the needs of all of the pupils. We want to ensure that appropriate provision is made for pupils who belong to vulnerable groups; this includes ensuring that the needs of socially disadvantaged pupils are adequately assessed and addressed.

In making provision for socially disadvantaged pupils, we recognise that not all pupils who receive free school meals will be socially disadvantaged. We also recognise that not all pupils who are socially disadvantaged are registered or qualify for free school meals. We reserve the right to allocate the Pupil Premium funding to support any pupil or groups of pupils the school has legitimately identified as being socially disadvantaged.

Pupil premium funding will be allocated following a needs analysis, which will identify priority classes, groups or individuals. Limited funding and resources means that not all children receiving free school meals will be in receipt of pupil premium interventions at any one time.

Pupil Premium Spending

The premise of the pupil premium funding and its use at Newall Green High school is to ensure all disadvantaged pupils have their needs met, to ensure there are NO barriers to learning and to close the gaps between attainment and progress of all disadvantaged pupils when compared to National other pupils. The approach to spending pupil premium funding is divided into key areas of support.

Attainment and Progress
Literacy and Numeracy support
Pastoral, Social and Emotional support- including careers education and planning
Alternative provision
Resources and Systems
